**PANEP STERISSET – SURGICAL ISOLATION PRODUCTS**

# PANEP STERISSET – SURGICAL ISOLATION PRODUCTS

PANEP STERISSET gives a compatible system of products allowing complete isolation of all potential contamination sources on the operating room. System consists of:

- Surgical drapes of various shapes and sizes equipped with the adhesive fields and fenestrations, with or without integrated tubing holders.
- Surgical gowns
- Instrument table and back table covers
- Covers for diagnostic and operating equipment
- Incision films
- Affixation aids
- Fluid collection bags and waste pouches
- Disposable trays, bowls, gallipots
- Syringes, needles, cannulas
- Disposable instruments
- Gloves
- Drying towels

## ZR Drapes (Zonal Reinforced Drapes):

These drapes are developed with focus on best functionality of critical and non-critical drape areas. On ZR Drapes are created different zones of optimised properties in consider to the level of charge during operation procedures.

### HP Zone (High Performance)

Critical drape area which is potentially under tension and wetting for a long time. Here are enhanced the tensile and bursting strength, absorbency and fluid resistance to get the highest level of infection control.

### SP Zone (Standard Performance)

Non-critical drape area potentially aside of continual charge. Enhanced properties are the drapeability and air permeability to get maximum level of safety and comfort for the patient and OR staff.

## Drapes SOFT

These drapes are made of soft 2-ply laminate. High absorbent non-woven fabric on the top brings an excellent fluid control over the whole surface. Soft and low-slide plastic film on the bottom gives the effective protection against penetration by fluids and microorganism. That composition makes the drapes highly safe and comfortable.

**PANEP STERISSET fully meets the requirements of European Standard EN 13795 part 1 – 3 for High performance products, critical area.**

**Compliance to this standard was evaluated by accredited laboratories TZÚ Brno (test report no. CHZ 07/0208, FZZ 07/0418 and CHZ 07/0488 and CENTEXBEL (test report no. YR/su/07/152)**

| ZK4030-1S | 30 x 40cm, 1-chamber | 200      |
| ZK6050-1S | 50 x 60cm, 1-chamber | 120      |
| ZK4030S   | 30 x 40cm, 2-chamber | 200      |

## CUSTOMIZED SURGICAL SETS

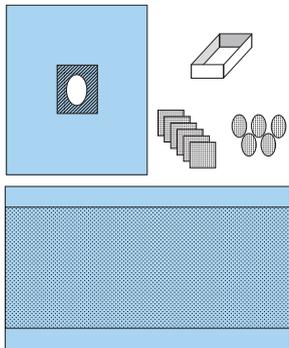

Respecting the individual needs of customers, PANEP offers the customized sets contenting complete range of disposable material needed for each of surgical procedures. That kind of sets brings the new benefits to the users:

**1 procedure = 1 set**

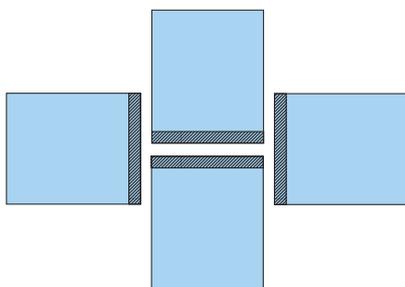

- Inventory control
- Control of procedure costs
- Standardization
- Flexibility
- Saves preparation time → increase of turnover
- Less handling of individual components
- Less waste
- Adapted to customer's individual needs
